

Overall Business Insights

1. Revenue is stable, not rapidly growing

Revenue remained around ₹35M annually from 2021–2025, indicating a mature/stable sales base with limited year-over-year expansion.

2. Repeat customers are the core revenue engine

22.9K customers placed 3+ orders, highlighting strong repeat-purchase behavior.

3. Customer acquisition is the major opportunity

Only 334 new customers were recorded in the selected customer period, indicating that acquisition needs stronger focus.

4. Mobile and Website are the primary sales channels

The Mobile App and Website together generated approximately ₹132.68M, representing roughly 75% of total revenue.

Recommended Actions

Acquire → Retain → Increase AOV

1. Strengthen new-customer acquisition campaigns.
2. Build personalized offers for repeat customers.
3. Use cross-selling/bundling to increase the ₹1.28K AOV.
4. Protect high-margin product categories.
5. Investigate why annual revenue has remained broadly flat.
